

MYLES

TOOL COMPANY INC

Tool & Cutter Grind Trainee

Myles Tool Company, a manufacturer of both standard and custom carbide cutting tools located in Sanborn NY is currently seeking a candidate to fill the position of Tool & Cutter Grind Trainee.

Myles Tool has been in business since 1977 and has grown to be a well respected supplier of cutting tools to various manufacturing companies and distributors both locally and throughout the United States.

We are seeking a self starting, detail oriented, highly motivated individual who is looking for a rewarding career and desires to learn a valuable skilled trade.

The candidate will be trained in the programming, set-up and manufacturing of various cutting tools on both Walters and ANCA 5 axis CNC Tool Grinding machines.

Basic knowledge of standard machine shop measuring tools such as micrometers, vernier calipers and test indicators are all extremely helpful, as well as general knowledge of geometry and trigonometry.

Position is full time, but would consider hiring on a part-time basis while completing classes.

Myles Tool offers a competitive wage and benefit package which includes vacation, holiday and sick pay as well as a paid portion of Health Insurance and a 401k plan. Overtime is also available. Starting salary \$35 - \$40k annually.

For immediate consideration interested individuals should send a copy of your resume to:
